

2026/7 SCHOOL RUGBY TOURS

Spain & France

UK

Japan

New Zealand

Samoa

The World Opens Up When Rugby Leads The Way.

At Gullivers we understand this is more than an end-of-season rugby union tour. This is your team's moment to celebrate, grow and see the world, together.

It's an immersive experience where sport becomes a bridge to culture, connection and personal growth.

From the villages of Samoa to the stadiums of France, the highlands of New Zealand to the buzzing streets of Japan, players explore life beyond the field—building confidence, friendships and a broader view of the world.

Let's create a tour that goes further than the field. Talk to us about building a school rugby experience they'll never forget.
